

Solar For All Mississippi Kickoff Event and Solar Installation

*Innovative solar and energy efficiency program brings first solar installation to
Gulfport*

What: Official launch of *Solar for All Mississippi*, an innovative program that offers 100% of solar feasible homeowners a financing solution with either a no money down, no credit requirement solar lease with energy efficiency upgrades, or traditional financing for eligible homeowners who wish to purchase their system.

Solar for All Mississippi is partnering with Education, Economics, Environmental, Climate and Health Organization (EEECHO), a Gulfport non-profit whose mission is to empower communities with a voice, self-reliance and the knowledge and skills to thrive. EEECHO will work with the nation's leading provider of solar to the low-to-moderate-income community, PosiGen Solar, to provide free solar evaluations to all homeowners interested in the cost-saving benefits of clean energy.
